# TigerPath

## Building Workforce Today, Careers Tomorrow

TigerPath is a program designed to train students for precision, high-tech manufacturing jobs *and* connect them to career opportunities right here in Hutchinson.

The TigerPath has three steps:

**STEP 1:** Over the course of four years students train for high-tech manufacturing jobs.

**STEP 2:** During their senior year, students participate in on-site internships with Hutchinson manufacturers.

**STEP 3:** Following graduation, interns continue working with their company and/or continue their education.

**TigerPath** is designed to address the need for a precision, high-tech workforce today.

**TigerPath** interns train in one or more of the following areas:

- ❖ Basic Welding
- ❖ Advanced Welding I & II
- ❖ Machine Tool Operations I & II
- ❖ CADD
- ❖ Engineering & Design I, II & III
- ❖ Electronics I
- ❖ Robotics
- ❖ Woods I, II & III
- ❖ Construction Technology
- ❖ Architectural Drafting I & II

**TigerPath** is looking for companies to provide on-site internships that give students practical, real-world opportunities to put their training and education to work.

Your company gains new talent every year that just might become a permanent addition to your team! **TigerPath builds careers and workforce.**
