If you are receiving Supplemental Nutrition Assistance Program (SNAP) benefits, your child automatically qualifies for free school meals. Call 320-234-2603 to determine if you need to fill out an application.

If you are eligible for unemployment compensation, you might also be eligible for free school meals.

All meals served meet nutritional standards as established by the U.S. Department of Agriculture.

If a child has been determined by a physician to have a disability which prevents the child from eating the regular meal, call us to find out how we can make modifications or substitutions prescribed by the physician at no additional charge.
