REACH is a voluntary, in-school program of the Crow River Area Learning Center in the Hutchinson High School designed to help students who are seeking support academically, socially, and/or emotionally. Class groups ideally consist of 10 to 15 students, with direct instruction from two instructors, working closely with the team of high school social worker and guidance counselors. The REACH Program not only supports these students academically, but also works to help them build the skills necessary to become successful adults after graduation. See more information at [www.thereachteam.org](http://www.thereachteam.org).
